

The Donnybrook Transit Park is Pet-Friendly!

Pets are permitted at the Donnybrook Transit Park provided owners follow these requirements:

- Pets must not be left unattended at any time
- Pets are strictly not permitted in the amenities block
- Pets must be on a lead at all times in the park
- Dogs must not bark excessively or cause a disturbance to other guests
- All pet droppings must be cleaned up immediately
- Pet droppings are to be disposed of using the dedicated bin provided near the oval, found across from the amenities building away from other guests (biodegradable bags are available here as well)
- Local Laws and the Dog Act 1976 must always be adhered to (visit legislation.wa.gov.au for more details)

*Please be aware that if a guest does not comply with these requirements, the Shire reserves the right to request that the pet be removed from the Transit Park.
Thank you for your understanding.*
